Management of the various types of degradable and non-degradable waste

Waste recycling system.

- Vermi compost pits are set up in college for wastes. Leaves and other plant waste that is collected in the gardens are used to create compost.
- Degradable solid waste collected from canteen are dumped in the Vermicomposting Unit to make some Organic fertilizer which are used for Gardening.

Vermi Compost

Water conservation

Green Campus initiatives

Pedestrian Friendly pathways -

- The goal of these Pedestrian friendly roads is to preserve and enhance pedestrians and to encourage walking as an attractive means of transportation as well as for leisure, recreation, and health.
- To reduce environmental pollution, only students and staff vehicles are allowed, also entire roads are monitored by security.
- The building is surrounded by lawns and beautiful trees. Tree plantation is conducted from time to time to create clean and green campus.

Ban on use of Plastic.

- Our college encourages students and staff not to use plastic bags. Students must be educated on the harmful effects of plastics.
- Conduct awareness programs for Plastic-free zone.
- Providing a large number of dustbins at all major parts of the campus

Battery Vehicle for campus transportation

Disabled-friendly, barrier free environment.
