You therefore **must** build in enough time to allow for visa processing to arrive by this date at the latest, regardless of whether you have enrolled online. We reserve the right to withdraw your student status, CAS and/or cancel your sponsorship if you cannot enter the UK on the student visa by 16 October 2023.

Documents you must provide with your visa application

Please note that you **must** have hard copies of all required documents available, to provide to UKVI as part of the visa application process. Please read our visas and immigration webpage for guidance. This includes a full list of the documents you must provide with your visa application, and information on whether you will need to provide a Tuberculosis Certificate.

If you are submitting financial documents with your visa application, you **must** use the financial documents that UCA staff have checked for you. If you are a national of a

country listed on the Differential Evidence Required list (paragraph ST 22.1) in the UK Immigration rules, you may not be required to present financial documents with your visa application. However – UK Visas and Immigration are entitled to ask to see these documents at any time during your application, and we therefore recommend that you have them available in case you are asked.

By us issuing you your CAS, you are agreeing to comply with all of the conditions of your Student route visa including: your obligation to study only at the University for the Creative Arts (unless studying at a partner institution or undertaking supplementary study), keeping to your working restrictions and leaving the UK when your visa expires unless you have obtained further valid leave.

The Student visa application form can be found here. Before you begin your visa application you should read all of the UKVI guidance which will help you with the process.

Your Biometric Residency Permit

The UK Government requires you to have a Biometric Residency Permit (BRP) that covers the length of your stay in the UK. You will first be issued a travel vignette (sticker) in your passport that allows you to travel to the UK. You will then have to collect your BRP from a Post Office after entering the UK. If you are coming from a country that is on the UK COVID quarantine list, at the time of your arrival, you must quarantine/self-isolate for the required period, inside your residence in the UK. Only after the quarantine period should you go out to collect your BRP.

During your UK Visa application you will be asked for a UK Post Code to select which Post Office you will collect your BRP from. We strongly suggest you use the postcode of the University Campus as this will give you the closest Post Office to where you will be studying. The following suggestion may not be the closest Post Office in distance but they are the easiest to get to using Public Transport (bus/train/walking). Alternatively, if you are living in private accommodation, you may wish to choose a post office closer to that.

Canterbury: The postcode for the Canterbury Campus is CT1 3AN. The collection location you should then choose will be: 19 St George Street, Canterbury, CT1 2LB. This is a short 10 minute walk from the campus. Further information will be provided in your welcome pack on how to get to the Post Office.

If you are studying a Pre-session English course before your main course of study, the location you should choose to collect your BRP should be the closest Post Office to your Pre-session course campus. For Farnham, the postcode is GU9 7DS and the closest Post Office is 56 High Street, Guildford, Surrey GU1 3ES, a 23 minute train journey from the Farnham campus. For Rochester the postcode is ME1 1DZ and the closest Post Office is 17 - 19 Military Road, Chatham, ME4 4JG, a short 10 minute walk from the campus.

You should also check your travel vignette as soon as you receive it to check that the correct conditions (working hours/police registration/name spelling/sponsor license number) are noted on it. It is a lot easier to correct these errors before your BRP is issued. Please email us if you find an error or need to make any corrections.

For your reference, these are additional pieces of information we've disclosed to the UKVI for processing your CAS:

Coure Work Placement: No

Dear Sweena,

Welcome to Nottingham Trent University. Let me take this opportunity to congratulate you on your new role.

Here at NTU we have a lot to be proud of. You are joining us at an exciting time where we look to further our success in an environment where we empower our people.

Our People Have Taken Us Where We Are. We are our difference. Together we make NTU a collaborative and supportive place to work. We create relationships that are effective and valued, that enable us all to achieve together, underpinned by a clear and shared purpose.

This purpose encompasses the enhancing of both the experience of our students and the innovation of our partners. In both spheres, we look to work together across disciplines and professions. We work hard to deploy everyone's expertise and enthusiasm.

You will be encouraged to create and nurture the most promising ideas in your area of work that will move us forward. At the same time, as a member of our wider NTU community, you will have the opportunity to contribute to the success of the University and hence the success of our students and our partners.

Where We Are. We are a large and established institution with a rich history spanning 175 years. We have over 30,000 students and more than 4,000 staff. We operate across four campuses, which all share in our investment in the excellence of facilities; we seek to build a great collective environment for students and colleagues.

We offer a broad curriculum and have a growing reputation for research, in particular in our specialist areas that rivals work being done anywhere in the world.

Where We Are Best. Our research stands apart through its deep connections with and responses to the challenges faced by the businesses, public services

Nottingham Trent
University

and communities in our City, County and Region. Much stretches well beyond to a global impact that changes both lives and the world we all share.

We are passionate about providing the best teaching and learning. We are committed to social mobility. We work hard and listen hard to students' needs to provide the best possible student experience.

We understand that we must ensure students are ready to pursue their chosen careers. To this end, we offer every student a work experience opportunity. We want all students to succeed. We have strong connections with employers to ensure continued relevance. Our greater ambition is to be closely connected to the needs and aspirations of our whole Community.

Where Our People Will Take Us Next. All of this will continue. Our strategy is clear. It guides us actively as to what we do next, as we enable greater discovery, drive more innovation, and become ever more international. What we have achieved so far gives us pride in our present and confidence in our future.

Continued success requires continued agility. Rarely, will there be a steady state and it is important that we all help to shape our evolution. In many ways we set the agenda for and show the way to the rest of the sector and this may mean challenging our own preconceptions, in particular if you have worked in higher education elsewhere.

So, it is vital that we to get things right for our people. We have a genuine interest in the ambition of our people. We will be better, and realise further success, through providing the right environment for recognition, development and enabling individuals to flourish. NTU is truly a great and exciting place to work.

I hope that this has provided you with a brief insight into your future here at NTU and I very much look forward to seeing you at my welcome talk.

You are hopefully all aware that you will need to proof German proficiency of at least A1 level according to the European framework.

THI language centre only offers face-to-face German classes in the coming summer term 2023. **If you do not arrive by April 17, 2023, you will not be able to join in.** If you are in Germany during the exam period you may however participate in the German exam at THI, even if you did not get a place in one of the classes.

You will have to find other alternatives to learn German. All expenses will have to be covered by yourselves. **We recommend you to get as much German learning in before you get to Germany.**

What's next?

As soon as the listed points are met accumulatively you will be enrolled. User name and initial password for the university platforms then will be displayed in the PRIMUSS application portal right after the log-in. You will receive information on the issue of your student ID in good time before the start of the semester

The listed points have to be met accumulatively until at least four weeks after the beginning of the semester at the latest! Afterwards enrolment won't be possible anymore regardless the listed points on the checklist! Unfortunately, the University has no influence on VISA processing.

After enrolment, Technische Hochschule Ingolstadt will print my student ID card and provide access to my personal user data via the application portal. I must not pass on this data to a third party under any circumstances. The misuse of my user data (such as applications via the student portal resulting from passing on my data to others) will be at my expense.

The violation is punishable and results in claim for damages. I waive my right to compensation against the university that may occur due to the disposal.
